Professional Development and Teaching Education

January 2020	National Institute on the Teaching of Psychology Attendee <i>Attended this conference for professional development purposes. Several experienced faculty members offered great workshops, talks, and advice on best and evidence-based teaching and learning practices. I frequently incorporate what I learn in these conferences in my classroom.</i>
Summer 2019	Psychology One Conference Attendee <i>Attended the Psychology One conference at Duke University. This conference is devoted to the teaching of introduction to psychology. I am attending this conference to prepare to teach general psychology courses in the future.</i>

TEACHING EXPERIENCE (CONTINUED)

Professional Development and Teaching Education (continued)

- Fall 2018 **Psychology Mentorship Program for New Faculty**
Participated in a mentoring program that facilitated a faster adjustment to teaching at Earlham. This program consisted of weekly meetings with several faculty members, as well as scheduled observations to see how they taught their classes (they, in turn, observed two of my class periods).
- Summer 2018 **Teaching and Learning Faculty Workshops at Earlham College**
Attended and actively participated in teaching and learning workshops discussing factors related to course preparation and development in the specific context of teaching at Earlham College.
- 2017 **Annual Conference on Teaching**
Presented and attended several workshops and talks at the Annual Conference on Teaching from the American Psychological Association's (APA) Division 2, Society for the Teaching of Psychology (STP).
- 2015 - 2016 **Graduate Seminar on the Teaching of Psychology**
Exposed to evidence-based practices on teaching and learning. Additionally, this course evaluated and developed my ability to deliver lectures and construct good course materials (e.g., syllabi and assignments).
- 2014 - 2018 **The Ellbogen Center for Teaching and Learning**
Frequently attended and participated in professional talks and workshops on the scholarship of teaching and learning.

ADVISING AND MENTORING EXPERIENCE

- Senior Thesis Advisor** *The course "Comprehensive Senior Research" (see teaching experience) involves advising students who are developing a senior thesis from start to end. **I have advised 20 senior theses at Earlham College in a span of 3 semesters. I am currently advising 7 senior theses this semester.***
- The Cognition and Motivation Lab** *Currently running an active research laboratory at Earlham College. I am currently hosting five undergraduate students and we are conducting research in Human Cognition*

ADVISING AND MENTORING EXPERIENCE (CONTINUED)

Academic Adviser *Currently advising six first year and psychology students. Advising is not Centralized at Earlham College (unlike several larger universities). This means that faculty members directly and extensively advise undergraduate students. Students are comfortable coming to my office to talk about their student life, academic performance, seeking advice, and for enrollment management.*

McNair Adviser Advised two McNair students during the summer of 2020
